One Estimate of the German and Austrian Casualties in Seventeen Days Is as High as 150,000

(By Associated Press.) LONDON, June 18.—Reviewing the fighting in Galicia, the assertion is made by the Russians that the Austro-German advance was made at a cost of great losses. In two days' fighting near Etry the Teutonic forces are said to have lost "tens of thousands of men." On a section of the Galician front from May 29 to June 15 their losses are placed at between 120,000 and 150,000. Berlin and Vienna, however, indicate that the Russians are being steadily pushed back all along the front.

TONOPAH GIRLS AT EXPOSITION

HAVING THE TIME OF THEIR LIVES

GUESTS OF NEWSPAPER, THEY SEE AND DO EVERYTHING WORTH WHILE

Look who's here, peeping out of the pages of a San Francisco newspaper! Miss Bowler and Miss Shields. There are nearly a dozen other girls in the group picture, all guests of the Gazette at the Panama-Pacific exposition. Talk about fun, they are having their fill. The bay city papers each seems to have a reporter detailed to narrate their doings. The Tonopah girls promise the Bonanza to tell the public through this paper all about the wonderful things they saw when they return.

TO INSTALL MILL ON THE SUNSHINE MINE

TAYLOR PROPERTY PRODUCING GOOD ORE—ANOTHER SHIPMENT NEARLY READY

A. H. Taylor, owner of the Superlative mine, in Sunshine district, about twenty miles south of Winnemucca, is in town today. He says that he will have another carload of ore ready for shipment in about two weeks and samplings that have been made show that it will run about \$90 per ton, says the Star.

A carload of ore from this property shipped a few weeks ago netted him \$63 per ton. Mr. Taylor has sold an interest in his property to D. Newton, a well-known mining man who has been in this section for some time and looking for something of this kind. Mr. Newton has a Tonopah mill here and had intended to install it on another property, but it will be taken to the Taylor mine and they expect to have the mill in operation in about two weeks.

On the dump at the Taylor property there are about 250 tons of ore that will average close around \$20 per ton and this will yield a handsome profit when put through the mill. The mill will work about 8 tons of ore daily, but Messrs. Taylor and Newton intend to soon add another unit and double the capacity of the plant.

WILLIAM HART, foreman of the Merger and Victor, departed on today's train for Salt Lake City, where he will inhale the salt breezes for the next two months.

SIX-REEL ANIMAL PICTURE SECURED

COMMENDATION FROM COMMITTEE OF TONOPAH WOMAN'S CLUB

The local movie houses have earnestly endeavored to co-operate with the better films for children committee of the Tonopah Woman's club in securing films suitable to childish tastes. Last week the Pastime theater gave a truly delightful presentation of the old fairy tale "Rumpelstiltskin." It is sincerely hoped that Mr. Warren will be successful in securing other films of equal charm to the children.

The Butler management has conceded Saturday matinee for the production of children's films. Last Saturday "Mr. Santa Claus" returned and this Saturday the Butler presents the most wonderful animal picture yet placed before the public. There will be six reels, all devoted to the portrayal of animal life in America—animals in fur, fins, and feathers, the whole endorsed by that most celebrated student of nature, Luther Burbank.

The better films committee begs the full support of the parents in this matter. If we insist on better films for the children, we must, when such films are presented, see that they are made a paying proposition and we will then be sure that the supply will meet our demand, and a mutual benefit obtain. Take the children on Saturday and let them see a picture that is marvellously real and wholesomely educational. No phase of animal life has been neglected and, while our "desert canary" may be a tuneful bird, the children will enjoy beyond measure bird life on river, lake and sea.

A. N. BERRYESSA, principal of the grammar school at Manhattan, came in from the pine tree camp last evening and this morning continued on to his home at Bridgeport, Cal. The Manhattan school closed last Friday. Mr. Berryessa will be principal of the Bridgeport school next term.

(By Associated Press.) GALVESTON, June 18.—Texcoco, fifteen miles from Mexico City, has been captured by Gonzales, according to constitutional dispatches. It is said that Gonzales expects to occupy Mexico City in a few hours. Obregon is beginning the investment of Aguas Calientes.

(By Associated Press.) SAN FRANCISCO, June 18.—Edwin A. Forbes, adjutant general of the national guard of California, died today. He had been ill for months. He came from his home at Marysville to be under the care of specialists. He was aged 55 years and is survived by a widow and two children.

MINING CASE ENDS IN DISTRICT COURT

A decision was handed down yesterday by Judge Mark R. Averill in the case of Tonopah Early Andestite Mining company, a corporation, against I. W. McMillen and M. M. Buckley. It was a suit involving the rights of forfeiture. The plaintiff company in this instance was the owner of the Lucky group of seven mining claims. The court held that no damages be awarded the plaintiff against the defendants and that each side bear its own costs.

PROPERTY FOUND NOT SUBJECT TO LEVY

Judge Mark R. Averill today handed down a written decision in the case of Ellen Niksevitich, plaintiff, vs. Rosa & Ratto, copartners, et al, defendants. The conclusions of law reached were that the property in controversy is the separate property of the plaintiff herein, and is not subject to sale under the execution levied upon it at the instance of the defendants. It was ordered that each side bear its own costs.

(By Associated Press.) CLEVELAND, June 18.—Vance Peel, a foreman, was killed and two workmen were injured today in the collapse of a steel arch over a bridge being constructed over the Cuyahoga river. C. F. HEROLD, cashier in the local office of C. B. Sloan & Co. for the past two years, returned yesterday morning to the home office of that company in San Francisco.

(By Associated Press.) WASHINGTON, June 18.—Francis Iagos Chazaro, the latest president of the Villa-Zapata coalition government of Mexico, today replied to President Wilson's Mexican statement, challenging the consistency of the president's declaration with his Indianapolis speech, when he said that he had no disposition to interfere in Mexico. "But," says Chazaro, "we continue to conjecture that the general idea of the president's proclamation is to help us in a friendly way." If the president's proclamation is to be construed as a threat, Chazaro adds, the convention government "will maintain the dignity of the Mexican people."

EARNING GOOD MONEY BY SELLING GARDEN TRUCK TO THE SOLDIERS NIGHT PARADE TO BE A FITTING CLIMAX

COSTUME BALL TO TAKE PLACE IN AIRDOME—PRIZES ARE OFFERED

The grand finale of the Fourth of July celebration will be the mardi gras parade and the costume ball. The former will take place through the principal streets after nightfall of July 5th. It will not be a rowdy procession, as is frequently the case on such occasions, but will combine jollity with pleasing spectacular effects. All those who will enter floats are requested to communicate with Alex Dewar, the master of ceremonies, as soon as possible. Cash prizes will be paid for the best entries. Mr. Dewar will also have charge of the mardi gras ball, which will be given in the airdome immediately after the parade. This will be free to all, but none will be permitted on the dancing floor unless in costume. There will be liberal cash prizes, but the chances for those wearing the time honored—and soiled—yama yamas are not particularly good. Handsome costumes will be provided by the committee for rental at a nominal price.

MRS. BELLE GAVIN arrived from Goldfield today on a visit to her son and daughter-in-law, Mr. and Mrs. Rosa Gavin.
